## Dutch Duck Firefox History Viewer

Detects the visited web pages in Mozilla Firefox, collects and stores the data, searches for saved passwords, deletes them, and sorts the history by the modify date. Dutch Duck Firefox History Viewer Download: Clear History and Cookies in Google Chrome Clear History and Cookies in Google Chrome The first thing we will do is clear out any cookies we already have on your computer and remove any cached data from our browser. You can use this to clear out your history of browsing too. This is to ensure that other people on your network won't be able to see what you've been up to. When you have done this then you can go to the location settings within your browser and turn on the option to clear all the data stored on your device. You can also clear your history manually by right clicking on the "History" section in the top toolbar and then selecting the "Clear browsing data" option. Then you will see a new window pop up that asks you what data to delete. You will then have to select which data you would like to clear out and then click the "Clear" button to confirm. ### What's New In?

Dutch Duck Firefox History Viewer is a comprehensive, yet simple-to-use software tool which enables you to investigate websites visited in Mozilla Firefox and delete any entries to hide your tracks when sharing the computer with other people. Quick setup and simple-to-navigate GUI The installation operation is swift and shouldn't impose any difficulties. As for the interface, the tool is wrapped in a normal window with a familiar structure that shows the Firefox history automatically. Easily view and delete Firefox history So, it is possible to check out the website name, date of modification, title and URL, sort all items from the list by modify date or site, use a search function when dealing with large amounts of data, delete any selected objects, copy URLs or entire rows to the Clipboard, print information, as well as export the entire list to text or HTML format. An advanced filter editor can be used by configuring some intuitive settings. What's more, Dutch Duck Firefox History Viewer lets you change the UI skin and apply the same type of operations to cookies in Mozilla Firefox. It is also possible to modify the default folders used to detect the history and cookies in the web browser. Evaluation and conclusion We have not come across any issues in our tests, since the utility did not hang, crash or pop up error messages. It has a good response time and runs on low CPU and memory, so it does not hog system resources. All in all, Dutch Duck Firefox History Viewer comes packed with some handy options for managing Firefox history, but the overall package seems too expensive.
