you can see that is the same directory even on C drive has  
the same.exe I ran the install again it did the job but it did  
not change the directory the game is running from. My OS  
is Windows 8.1 (Final version ) . A: I found the problem it  
is an add-on Aircrafts by NcSoft Airplanes which goes  
with with preparation3D I removed it and now it is  
working well. I will check if my problem is on any other
