JoyoShare iPhone Data Recovery is a super powerful iPhone Data Recovery tool. It is able to get you back all lost messages, contacts, voice memo, app data, etc from any iOS devices, including iPhone, iPod Touch, iPad and other iDevices. Many times when your iPhone is lost or damaged, you do not know where to find the iTunes backup files. With it, you can easily retrieve your

iPhone/iPad data. This new iOS data recovery app is designed to meet your needs. It can not only fix your iOS device problems but also help you recover all your lost data from iTunes backup. JoyoShare iPhone Data Recovery is not only the best iOS data recovery tool but also provide you some common iOS data recovery functions such as iTunes recovery, iCloud backup recovery, etc. What's more, with the latest version, it supports the iPhone 6/6

Plus, iPhone 6S/6S Plus, iPhone 7/7 Plus, iPhone 8/8 Plus and iPad Pro. Joyoshare iPhone Data Recovery is very easy to use. When you connect your iOS device to computer, this program will show you the devices information and the backup list. You can check your iTunes backup easily. You can also recover iCloud backup, iCloud Photo Stream and other iCloud backups as well. All steps are listed clearly in this program. Now, the program supports

iPhone 6/6 Plus, iPhone 6S/6S Plus, iPhone 7/7 Plus, iPhone 8/8 Plus and iPad Pro, which can help you recover your lost data. Notes: 1. The latest version is JoyoShare iPhone Data Recovery 7.0.7, which supports the iPhone 6/6 Plus, iPhone 6S/6S Plus, iPhone 7/7 Plus, iPhone 8/8 Plus and iPad Pro. 2. In some function, we need to backup data from iPhone/iPad to computer for further recovery. If there is no message from the user, it may mean

that the data is already been backed up in iCloud or iTunes or some other backup source. How to use JoyoShare iPhone Data Recovery?

1. Download and install JoyoShare iPhone Data Recovery. Run the program.
2. Connect your iPhone/iPad to your computer with a micro-USB cable.
3. When JoyoShare iPhone Data Recovery loads, you can see "Tipo" and "Nome" will be displayed. Click "Tipo" to get the list of

What's New In Joyoshare iPhone Data Recovery?

The program is used to recover lost data from iPhone, iPod touch and iPad devices. This tool can be used as a substitute to Apple's iExplorer. The program can retrieve almost all of data from iOS devices (iOS 6 and later) and other backup environments (PC, iTunes and iCloud). It uses sophisticated algorithms to scan the media for lost data. Once the process finishes, you

can preview, recover and save the files to your computer hard-drive.
