### **What's New In Adobe Photoshop 2021 (Version 22.3)?**

We all have our own personal ways of handling failures. In some cases it can even be our safest method for facing the "grim reaper" that seems to stand outside of our personal barriers of reality. But the truth is... It is never too late to face our fears. By embracing failure, you create the possibility for growth. For me, I prefer to fall flat on my face...before I have to gain back my confidence, and with each re-success, it's easier to stay confident. Ask yourself... why do we stay away from anything that could make us uncomfortable? Over the years, I've found it's easier to keep working on becoming a better, more confident person when I'm uncomfortable. When I feel like I'm giving up, I've found it much easier to continue to push through and not give up, all because of the realization that failure isn't the end. It's part of the journey. It's not time to quit when you fall on your face, it's time to keep going. Being comfortable with failure also means that we're willing to step on something that could ruin our day. Recently, I was having a bad day at work (just like any bad day). I noticed that I was talking myself out of putting in a long work day, and I ultimately ended up giving up on myself and going home earlier than I wanted to. When I got home, I just felt like I was going to collapse into a ball of tears, and I knew I needed to take some time for myself. I sat down and decided to watch a classic movie from the 80s about the stigma of mental illness: What's It All About? I was sitting there watching old music videos as I sipped my favorite iced lemonade beverage, when my favorite music video began to play. I couldn't believe that it was an 80s song when I began to reminisce about my teenage years. But it only got better. The song was "You Can't Always Get What You Want," and the lyrics to the song just came to life in my own personal story about the real me, the real me that I had held on to for so long, but had stopped hearing. Throughout the years of my teen years, I chose to let the real me out, and the real
