FASHION MOON, February 24, 2019 Hello, it's Fashion Moon, today we have "A new fantasy action RPG that has a twist" featuring the Rune Midgard, A land of tranquility, lust, and beauty with a massive population and an awe-inspiring civilization. Highlights / Interesting Points Rune Midgard is a world of highly developed energy systems that produce vast amounts of electricity to fuel the advanced weapons and devices of modern civilization. This civilization has attained powerful technology, trade, and inter-regional cooperation, but at the cost of complicating the relationship between the races by means of the nations. Rather than a world of conflict and war, this society is welcoming and open, and the nation does not have a central authority. Instead, several mega-farms run their own region, which have been carefully selected for their role in providing the energy, labor, and life-blood that turn the fields of Rune Midgard into a world where the power of machines is on full display. "I got the Elden Ring paid for an hour. A hell of an hour. I worked my ass off, for that hour - it' a package that's covered in gold, a package complete with karate hooks. No one could ever give me that many hours back, no - and I'm not planning on sharing my fortune. But that hour, friend, that's the kind of hour you dream of. The kind of hour that'll make whoever treks out from the door a little green at the g
