“A squad shooter that is firmly in the beloved 80s genre, Rad Rodgers: Radical Edition takes you to the streets of your favorite 80s cartoon, with a few more embellishments to boot. Rad Rodgers is a throwback to the games that you used to play, but with more violence and a dash of everything old you’ve come to expect.” 94 – Touch Arcade About This Game: “Riding a two-wheeled hamster? No problem. Rad-

Gibby has got your back on this one. This squad-shooter challenges you to the streets and locales from your favorite 80s cartoon: a 'Radical Edition' of Rad-Gibby. Get ready to pilot a two-wheeled hamster with an arsenal of 80s weapons as you take on waves of enemies from every side." 85 – ArcadeSins About This Game: "[Rad Rodgers: Radical Edition] feels like a perfect throwback to the heyday of the 8 and 16-bit eras." Game Videos & Screenshots: YouTube: Twitter: Instagram: Facebook: About Rad-Gibby: Rad-Gibby is a retro-themed 2D shooter video game with a 2.5D visual style. It features 80s-style humorous dialogue and characters, combo-based gameplay, weapons, bosses, and mini-bosses. The game is fueled by word of mouth and addictiveness and helps players to have fun. The full version contains three main game areas and more than 20 enemies that players can control. The free

Rad Rad games have been around for a  
long time, but it's rare to see a re-  
imagining like this. Rad Rodgers Rad  
Radical Edition is that reimagining. . This is  
a game that feels like a throwback to a  
time long ago. The graphics are crisp and  
colorful, with brilliant HD video frame-by-  
frame animation. This is a game that  
requires both thinking and reflexes. . . It is  
filled with wacky enemies, tricky bosses  
and spot-on levels that vary from  
platforming fun to tricky shooting action.  
The experience is non-stop. . . The difficulty  
ramps up as the game goes on. Players are  
thrown into several dozen stages that  
increase in difficulty as they go along. The  
creative environments and vibrant graphics  
help to make each of these stages very

unique. You are sure to find yourself enjoying the crazy variety of the game's enemies and levels. . . The game has a good mix of weapons, each of which has it's own individual attack, and bonus features that make the game a lot of fun. . . The game is a visual treat. Each level features a unique and colorful landscape that is sure to delight your eyes. Rad Rodgers will reward you with hours of joyful play time. This is not just a cute little game with lots of life in it. This game is much more than just a cartoony version of '8-bit' games that have been around for a while. This game is something every gamer should play that grew up during the 16-bit gaming era. Its a gorgeous trip back in time that is soaked in pixelated nostalgia. Some of the finest 2D shooters were born on the SNES and Genesis, and this title will bring you straight back to that golden age of gaming.<sup>92</sup> Pixelated GamerIt is a simple

## **What's new in Rad Rodgers - Radical Edition:**

**is an exciting new collection of songs, tunes and songs-for-tunes! If you're a contemporary songwriting / singer-songwriter that songwriting books with templates rarely inspire, then Radical Edition is designed to inspire, motivate, and have fun. This is a chapter book collection that takes the leap into contemporary songwriting, and also includes lessons that range from simplified vocabulary to advanced music theory. For example, there are 200 to 250 pieces of music with lyrics you can't find in a traditional songbook. However, in 2009, I also added the 'Radical Edition for Singers', which includes many of the same songs that I produced for the songwriting tutorials in the Advanced and Developing Your Songwriting book. Advantages of the 'Radical Edition - Songwriters' Edition': - Develop your creative side, when you make songs from the material you are writing. - Gain inspiration by testing new songs in writing classes, auditions and other environments. - Excite your writing / music creativity with the possibilities of songs that use new and unique melodies that shouldn't be contained in songbooks. - Discover the value of songs that help you re-kindle your creativity - Be inspired by songs used in the book, songs you can make up with lyrics on top of tune, or songs with a songwriter that you admire. - Increase your creativity with the value of songs you can learn from, and songs you can own. - If you have a pen and paper, this book is one of the best educational resources for songwriters. **with and without the lyrics. These tunes are arranged for songs with and without the lyric lines (However, the music is written in regular length). Not a rule I follow, all the music is written in what I feel is a cute or catchy way. I do try to make it so you can learn from each of the songs in the book without reading the lyric. It's not a bad idea to look at the lyrics to master chords, but there is also room for musical creativity.
