Site Mobile Navigation The Science of Denial I was a healthy child. I played tennis and swam competitively. I didn't miss a single high school baseball game. By the time I was 15, I weighed 170 pounds and was 5-feet-6-inches tall. As a young adult, I visited my father, then vice president of our medical school, to talk about a career in public health. He knew that a rising star in the family, his young son, had already tried drugs. He asked me if I had ever 1cdb3666d
