Zabu (FR) - 7.5 - A large, rich, and well-made game. Not really easy, and even if you are a rennaincient (or a god for that matter) there are a lot of things you will still have to be perfect in order to succeed. It's easy to pick it up and play, and there's enough quests to keep you hooked. If you're looking for something to keep you busy for a bit of fun, Elden Ring is definitely one to look into.

TwoDogs (UK) - 8.5 - Elden Ring is an excellent single player RPG with a rather nice multiplayer. There are more than a few ways to customize your character and, as the tone is light, most people should enjoy themselves.

Entertainmentpod (UK) - 8.5 - Despite it's open world structure, it allows you to explore and play any way you like, all while maintaining the basic story. There are multiple sub-quests to fulfil, each with its own storyline and set of rules on how to complete the objective. The basic gameplay is quite similar
