For Aya's party, she wants to dress up in the combat uniform, black. But the material and the workmanship are not very good. The outfit will be torn apart or the buttons will come off if you do that. What to do? Shinichi has been having a hard time with drunk friends and a failing marriage since his wife left. One night, a few random strangers end up rescuing him from the bar when it's closed. Now, he's starting to get the hint that maybe his life isn't all fun and games. ### **Audioship Features Key:**

Epic Class with new AP4 mechanics  
New class Special Abilities  
A complete overhaul of the Adventure Path content.  
Story Mode support.

### **FEATURES:**

### **CLASSES:**

Conduct rituals to access various arcane powers. After each ritual, perform a single daily action to gain the benefit.

---

In each daily action, choose from one of two choices; Free move or Power action. Use Free move to move on your turn, all else result in a free action, such as using an item. Using a Power action opens up another mechanics such as an ability check. The player must still roll before taking the action, but the tied roll is averaged together.

**SEARCH:**

Acquire resources that help you remain in a town and defeat the Githyanki. Enemy numbers will increase and terrain conditions will worsen. Attacks will be made by larger and larger Pterodactyls.

**WHAT IS THIS EXCLUSIVE EDITION?**

Up until now, the players were compatible with the "Guardians of Destiny" edition of the Pathfinder 2 RPG Adventure Path. That edition was limited to only 1,000 printed copies, and some of them are being sold by Amazon.

This edition is limited to 3,000 copies, which will be sold for \$169 US (Of which, Amazon will take a 30% commission). Exclusivity goes to the \$169 US price, and NOT to a couple hundred dollars for a PDF file.

In August, Amazon had a price of two for \$169, which could be 1,000 or 3,000 depending on how many they print.

**SYSTEM REQUIREMENTS:**

**OS:**

The system requirement is the basic rule set for Windows XP, Windows 7, and the Mac OS X 10.5 or higher.

**CPU:**

A 2.8 GHz processor is recommended to run the game smoothly.

**RAM:**
