What's new in Fury Of Dracula: Digital Edition Soundtrack:

Tag: scorpions on The Log Cornelius and he return to the tunnels. The battle is clear from afar and the smell of blood is everywhere. Tarrad's first instinctive move is to run from the stench. He turns to run but the soldier lances him first with a taser, then gut punches Cornelius in the chest with his forearm for his efforts to escape. Cornelius goes down with knees lodged in his spine and the soldier takes his 9mm handgun with the TAR-21 gattling rifle. The way Tarrad was attacked one could argue he fought back the urge to just go in and kill him for no reason. Not for revenge but for Cornelius to heal and get his memories back, that's all. They've obviously got him as a prisoner. Cornelius knew he could just run if this two-finger thing got too much. Then he saw Tarrad tense up and that's when he knew Tarrad was about to take over and do something in front of them. "Quick, what have they done to you?" In a flash the soldiers are on Wynn, gun, taser, and not so gentle, boot to the head. Cornelius reels in shock as the leader says, "Don't resist we do it for your own good." Tarrad nods to the others, watching them load their own guns and set up makeshift firing line. Wynn crumples back, looking up at Tarrad lying on the ground. He sees the light of day for the first time as he watches the military vehicle turn and come their way. See more: Not the one up in the air but the other one hanging low. At least that's what Tom Whalen is thinking. It's not helping him though. Coming down it's real fast, he could all but touch
